

# PRACTICE PARTNER EXTENDED PROFILE

## OVERVIEW

Practice Partner is a fully-integrated EHR and practice management solution designed for all specialties and sizes of practice. The aim of the software is to improve quality of care and productivity,

eMDs Practice Partner EHR most notably does away with the superbill, which means financial clerks in practices can review and send charges to patients with only a few simple clicks. Practice Partner software comes with three applications, which can be bought as a package or as individual modules, allowing practices to scale the software as appropriate. These modules are patient records, medical billing, and appointment scheduling.

Practice Partner EHR software has its own Bright Note technology that allows for the automatic update of the whole chart by completing one single entry. This includes not only billing information but any problem lists or vital signs, allergies or medications. The tools are customizable to each clinician's needs and templates can be set up for specific practices. There are speech recognition and transcription functions for complete ease of administration.

## SOFTWARE SCREENSHOTS

The screenshot displays the e-MDs software interface for a patient named Jack Smyth. The window title is "Vital Signs: Smyth, Jack". The interface includes a menu bar (File, View, Show, Task, Reports, Window, Help) and a toolbar with various icons for navigation and actions. The main area shows a table of vital signs for a patient named Jack Smyth, with a template set to "Vital". The data is as follows:

	03/27/09								
Height	5'9"								
Weight	187 lbs								
BMI	27.64 kg/m <sup>2</sup>								
OFC									
Temperature	98.6 F								
Pulse	76								
Respirations	17								
Systolic	124								
Diastolic	76								
Oxygen	98%								
(Your text here)									
(Your text here)									
(Your text here)									
Smoking									
Pain Level									
Peak Flow									
Diastolic - Large Cup									
Systolic - Large Cup									

At the bottom of the window, there are buttons for "Done", "New", "Edit", "Delete", "Print", "Graph", and "Print", along with a "Detail" button.
