

# 1ST PROVIDERS CHOICE EHR EXTENDED PROFILE

## OVERVIEW

1st Providers Choice EHR is a leader in specialty specific ambulatory EHR and practice management software with over 30 specialty-centric customizable templates.

Designed for both small and large medical practices, the EHR manages the entire patient workflow. With 1st Providers Choice patients receive an automatic phone, email and text reminders of appointments while the system also provides automated intake forms and online insurance verification.

The 1st Providers Choice suite is fully HIPAA compliant and covers both inpatient and outpatient workflows. A patient portal allows external users to manage appointments and payments while healthcare professionals get access to progress notes and are able to update care plans and other documentation dynamically. Training is provided on site by 1st Providers Choice with online documentation, live chat, and webinars available for existing users.

The suite runs on desktops as well as mobile devices, including Android and iOS mobile devices. 1st Providers Choice is an entirely web-based EHR system.
