

MYUNITY

EXTENDED PROFILE

OVERVIEW

myUnity from [Netsmart](#) is an advanced electronic health record (EHR) platform designed to streamline and optimize care delivery, particularly in post-acute care settings.

The platform focuses on supporting a wide range of services, including home health, hospice, senior living, and other long-term care organizations. By integrating clinical, operational, and financial workflows into a single system, myUnity enhances care coordination and efficiency while promoting regulatory compliance.

POST-ACUTE CARE FOCUS

myUnity is specifically tailored to meet the needs of post-acute care providers, such as home health agencies, hospice programs, and senior living facilities. This specialization allows it to handle complex workflows associated with these settings effectively.
